

# CIRCLE A THE FESCUE EXPERTS

**MARCH 21, 2015**

200 BULLS | 300 FALL-CALVING BRED HEIFERS

For more than two decades Circle A has been selecting cattle that not only survive, but excel in a fescue-based grass environment. Our customers find that Circle A genetics adapt and thrive in all regions, from coast to coast and boarder to boarder. We're hard on our cattle to make life easier for our customers!

**Improve your production in all environments by using fescue-tested genetics from Circle A!**
